The Saudi International Handicap

Total # of entries: 158

In accordance with the conditions found in the Horsemen's Guide, the JCSA reserve the right to invite a representative field of horses from a variety of countries. Therefore, the weights assigned above will be used as a structured guide when inviting horses, however, a diverse range of international representation will also form the basis of selection; as a result a horse may be invited to participate in the race even if weighted below another entry.

Locally trained horses must have run once in KSA by January 30, 2022 in order to be eligible for selection, regardless of their position on the handicap scale.
